

Arthur

Alien Invasion

Alright have you ever wondered why all of those trees in the Bathgate hills were destroyed? Well it was because of aliens you must be saying, "Arthur that's just plain silly," well no. Legend has it that aliens crashed with a whole colony believe it or not! Three families split into five Ufo's.

One of the families were called the Becraigs with Lil Johnny, Mum called Pavena, Dad called Dave and dog called Blippi. One of the other families were called the Cairns with John and Alice, just the two of them. The last family were called the Ravens but no one knows their names.

They were just flying in space when their fuel ran out. And they all fell into different places in the woods. That's why all of the trees are destroyed and five hundred years later they were discovered and sent to a museum.

If you were wondering what happened to the aliens well they obviously died of the heat. And in their Ufo's was their family names, that's why Becraigs, Ravenscraigs and Cairnpaig are called that.
