

## The ufo sighting at bathgate hills -

A good few years back in 1979 november 9<sup>th</sup> a forester named Robert Taylor encountered a strange object roughly around 20 feet above ground. The object was round and very high above the ground. He stared at it with eagle eyes as the rain dropped onto his head from the trees above. There was thunder and lightning that day after staring at it for a good few moments he saw two strange looking things in the distance.

The thunder roared and lightning struck the two objects were getting closer and closer. Suddenly the two round mysterious objects grabbed him by his two legs very tightly. He screamed in pain and he was in agony his legs managed to escape the tight grip. He was laying on a muddy patch of grass Screaming for help.

The objects still floating 20 feet above the ground staring down at him he checks to see the wound massive red marks from the objects grabbing him. they float away leaving him in the forest wounded.
