The Bathgate Hills

Fergus

There once was a guy ^{called} Ferguson from Glasgow, he had a holiday down in Bathgate and he went a trip up the the Bathgate hills. It was a great view but Ferguson saw something in the distance it look green it was a alien shaped funny looking thing but then came a spaceship it comes down it's a disaster the aliens take him.

Ferguson wakes up he's chained up he tries to get up but the chains are too heavy. Oh no a alien comes thru the door and says ~~Shit the shit~~ Ferguson says "What do you mean"
