

One day a long time ago a UFO
landed under a bridge in the bathgate
hills but it disappeared

Everytime someone went through the
bridge they never came out. this was
a myth that everyone knew but one day
James went in.

James was very calm he went in and
saw a little green man with a space
suit on. James didn't run or scream and
the little green man looked confused then
he smiled

James and the alien became friends the
alien didn't kill him because he didn't
scream or cry. ~~from~~ from that day on anyone
could ~~go~~ walk about bathgate hill, Golden Gate,
