Witchcraft hill

One spooky night at Witchcraft hill the birds were tweeting. After all the birds were done making all of that noise a witch appeared out of the ground. Her name was Sarah, she was the best witch out of all of them all. Sarah would cast spells on people when they come close. When a troll came up to Sarah, she said "Disapper!" the troll was gone!

The next night a other witch appeared with Sarah her name was Rose. Rose was the worst witch of them all she couldn't cast a spell. Sarah and Rose live in a cabin in the deep dark woods. The cabin was old, ~~horrible~~ and smelly. it smelled like dog poo. They had ~~pumpkin~~ pumpkin pasta every night and "pumpkin juice". A huge storm started "BOOM BASH"!

There cabin was "GONE"! so they got to work. They built a tree house in the tallest tree. Sarah and Rose flew up into the tree house. The tree house had two beds, a bathroom and a pool. When Sarah woke up she got worried because Rose was "GONE"! Sarah peeked around Rose came out the bathroom and said what are "YOU DOING"!

Sarah said "why were you in the bathroom" Rose said I was getting ready what did you think? "OOPS"! Said Sarah.

Sarah disappeared into the ground. Rose said now I can rule this land "HAHAHA"! But then the ground rose. Rose disappeared into the ground as well. Sarah appeared she picked up the keys.

Sarah headed to the bus stop. Sarah dressed up as a human so no one would notice. But then it turned day and Sarah disappeared. No one noticed when it was the final night for the witches. Sarah casted a spell on the road and it rose up into the "Air"! Then all the witches disappeared.
