

Walking Bella at Beecraigs

By Aileigh

One day I went to walk my dog Bella. I was eighteen at the time and my name is Aileigh.

Bella is a black Cocker Spaniel, she is one year old and she has long curly fur was as black as the dark sky. I was wearing a white top, black leggings and a pink hoodie. Bella has brown eyes and I have blue eyes and blonde hair like Repunzele.

We were walking at Beecraigs until a giant chocolate brown bear jumped out in front of us. We were terrified! I didn't know what to do so I picked up Bella and I ran! We ran and ran for ages, we were exhausted! After a while we lost the bear, so we stopped to get a breath. There is a park at Beecraigs so we stopped there to run about, everything was going terrific until... The bear found us again! I picked up Bella again, Then CRASH! It was a dead end and I ran into a wall!

The bear approached us, we thought it was going to eat us, but it didn't. It turned out the bear was just lonely and wanted a friend. Me and Bella played with the bear, it was a boy so I called him Charlie, we played with "Charlie" every day and we always have so much fun!
