Chuck McGill visits beecraigs

McGill

A man named Chuck ~~McGill~~ went for a walk at beecraigs he is allergic to electricity. He was wrapped in his tin foil blanket when all of a sudden he was sucked up by a giant UFO but it turns out it was Hector Salamanca, a paralysed man who spoke using a bell. Chuck was slowly dying from all the electricity. Hector rang his bell a few times as chuck McGill muttered his last words "have some more chicken, have some more pie, it doesn't matter if it's boiled or fried" and then he died wrapped in his tin foil blanket.
