

In the cairnpapple standing stones ~~there~~ you
can sometimes hear whispers and feel cold
hands pulling on your hair or your clothes I am going
to tell you a story about two 14 year old girls who
went exploring in the hills.

The two girls were walking to go and see a cairnpapple
they had enjoyed the walk up and were looking forward
to seeing the remains of the stones. once they were
there they heard whispers and one of them screamed
and said "did you see that?" she saw a huge figure that
had red glowing eyes then suddenly she was
grabbed and dragged down never to be seen again
then the other girl got grabbed and dragged
away to be eaten
