

BATHGATE MILLS

One day me and my dog, Roxy, went to Beelcraigs.
Roxy has white fur with brown/black spots, she is also deaf
and very old.

As we walked through the trees we spotted a tree on fire
but the phone was only on 5% we called for help
anyway. Soon after the call ended we heard them shouting
since they couldn't find us. We went to go find them and
when we got back the fire is even bigger.

As the fire gets puts out, a giant turtle comes out
the bottom of the tree. The turtle eats my dog.
