Once me and my dog Ruby went on a walk to Bathgate Hills. We found the magical forest. It's only a 5x chance of finding it. I was amazed I saw the most graceful butterflies. I went further and I saw a...

GIANT! But before he could see me I grabbed his sword and defeated him. I saw a giant door so I opened it and there was a chest full of gold.

My adventure went on. I traveled far and wide and I found a giant tree

Next to the tree there was 2 GIANTS. But I did not give up there I called on my dinosaur friends and I jumped on the T-rex and we defeated the giants.
