# THE Magical Lizze

A loud screech was coming from a stone.

I went over to explore the noise. I went over and there was nothing. Then after I couldn't find anything. I went to see where I was. It was CAIRNPAPPLE: The sound stopped. A rock was on the side of the green hill. I went to investigate it was a dirty fossil. I put it in my emerald green bag. I stained my white shirt with dust and dirt, even though I was wearing shorts I was sweating like crazy!

Then I felt something rumble. I didn't pay much attention to it. I went into a place with lots of healthy trees and beautiful flowers and plants. It smelt very earthy. A whimper came out of my green bag, immediately started scratching at my white top. It looked at me right in the eyes and to my surprise it said MAMA! I didn't want to leave but I'm not allowed pets in my apartment. I left it under a bridge. It was abandoned, it started crying and fastly chasing me. A while past. I came back to collect it. I wanted to go home.

I went on my way home Crash, bang, rumble, was last thing I remember. I woke up not knowing the time day who I was where I was but I remember one thing it was my lizard called Lizzie. Then finally coming to my senses where is Lizzie I said to myself. I decided to name her that was surprisingly laying fire on my chest I looked at her olive green skin gliss in the sun. I looked at my leg it was profusely quaking

blood I tied it up with my aid kit in my  
bag.
